Honorable John R. Rarick
Member of Congress
Washington, D. C.

Dear Mr. Rarick:

On the west side of fashionable Park Avenue at 68th Street in New York City, across from the Soviet Embassy to the United Nations, is a handsome building known as the Council on Foreign Relations. As I am sure you know, this subversive organization almost completely controls the U. S. State Department.

I am hereby suggesting that Congress, with the help of the F.F.I., investigate the Council on Foreign Relations from top to bottom.

Mr. Rarick, it will be deeply appreciated if you will keep me informed on anything you do in regard to this matter. I am working with a large conservative organization in the exposure of the Communist conspiracy in the United States. We need your help and know how you stand on such matters. We are very proud of you.

Sincerely,

Dear Sir:

It is requested that your office furnish us an up-to-date Membership Roster of the Council on Foreign Relations.

Since 1960, data and information that we have in file has what one may call blank spots. Some of it we have not been able to correlate and properly authenticate.

We have no problems through 1958, but from 1960 to date we need your help.

Any additional information that you can furnish about the organization and their activities to date would be helpful.

It looks as though there must be as many as half a dozen government intelligence groups that are working in the same medium as this office. Our activities lie strictly in the area concerning the threat to the internal security of the State and the Republic as outlined on the back of this letter.

MAY GOD BLESS OUR COUNTRY BEFORE IT IS TOO LATE!

Dear Sir:

We are [redacted] vitally concerned with the current issues of today. Due to one of these issues, it behooves us to write this letter.

Upon reading the Daily Breeze, a local newspaper of Torrance, California, we ran across a very alarming article which is based upon information from an agent of the F.B.I. This article is enclosed. Leckner Foresees 1972 Dictatorship in the U.S.

By JOHN COWE
Daily Breeze Staff Writer

A dictatorship will be in control of the United States before the election of 1972, according to a former undercover agent for the FBI.

He spoke this week to students at Loyola-Marymount University.

David Gumaer, 30-year-old member of the John Birch Society, said the people of this country will call for such a move — and the country will be taken over without a shot being fired.

"In the spring of 1972," he told students in the student center patio, "rioting will start 'spontaneously' on the campuses and in the ghettos.

"Communications will be cut off and the stock market will go broke.

"And then the people will call for 'law and order in the streets' and marshal law will be declared ... and we will have a dictatorship."

Ruling this country will be a group of 1,450 elite called the Council of Foreign Relations (CFR), Gumaer claimed.

He bases his theory, which he insists is fact, on investigations of the CFR by another former FBI agent, Dan Smoot, and his undercover work in various left-wing student faction groups during the earlier half of this decade.

Currently he is making a tour of campuses across the nation in hopes of persuading students not to become duped into the supposed plot.

The CFR wants confrontation, he said, and is using legitimate issues like poverty and ecology to promote strife.

But the issues are being twisted, he said, so that reason is left out.

Things are building until 1972 when the dictatorship takes over. "just like Hitler ... with no shots being fired ... on the pretense of law and order."

Complete censorship will go into effect, air transportation will be controlled, long jail sen-

tences without trial will be imposed and the students and people from the ghettos will be shot in the street, he claimed.

"The CFR will have created a Frankenstein (frustrated, violent students and blacks) and must kill it before it kills the organization," he told the group.

Such dictatorial steps have already taken place in Canada, he said. Prime Minister Pierre Trudeau imposed the War Measures Act because of threats by the French separatists.

"Yet those people (separatists) were out of jail a few days later and the police state measures are still in effect ... It was just a pretense," he said.

The CFR is involved in Canada as it is in the affairs of the Soviet Union.

With headquarters in New York City, Gumaer said, major Soviet programs are cleared first through the CFR, across the street from the Russian Embassy, before implementation.

He drew a picture for the students of near-control of the United States at the present time.

With top news executives in the organization, the people of this country "are told only what the CFR wants them to know."

The CFR also is in control of the "no-win war in Vietnam" and the Paris Peace Talks, which are just a charade to make people here despair, he claimed.

"We don't let our men go in and win the war," Gumaer said, "since the generals in the CFR have more to gain by dragging it on ... and letting our men die.

"Our men don't bomb Hai Phong Harbor," he claimed, "because it is full of our allies' ships along with the tankers from Standard Oil."

Nelson Rockefeller, who owns Standard, is a member of the CFR, he charged.

After telling more about business between American companies and Communist countries, he went into a long list of prominent persons who he said

belong to the 1,450-member CFR.

They included representatives from practically all fields including the military, education, law, religion, government, business and the mass media.

Some of the more famous include former Sec. of State Dean Rusk, David Rockefeller, former Sec. of Labor Willard Wirtz, Postmaster General Winton Blount, former Sec. of Defense Robert McNamara and Charles Hitch, president of the University of California.

The list also included President Richard Nixon. Students applauded as Gumaer charged the President with being an active member of the CFR until 1962. He is still controlled by the CFR, Gumaer claimed, and 100 members of his administration are CFR members.

The speaker also blamed Vice President Spiro Agnew for making the nation choose up sides — part of the confrontation plan.

The ultimate aim of the CFR, he said, is to have a one-government, socialistic world with the 1,450 members of the CFR in control and reaping the profits.

Leaving home in New York at 18, Gumaer joined Fidel Castro guerrillas in 1957. He was a beatnik and marxist in Greenwich Village and participated in various left-wing radical group conferences, he said.

He says he saw what these people are really doing and discovered it was not a humanitarian cause. Continuing to work with the radical groups, he began feeding information to the FBI.

On questioning from the students, he said the FBI and some sections of the military are the only groups not fully contaminated by the powerful CFR.

Even the House Un-American Activities Committee, now called House Committee on Internal Security, is composed of two CFR members now.

He said a federal directive, signed by former President Dwight D. Eisenhower, forbids the FBI from investigating government employees.

(All Presidents since Roosevelt have been controlled by the CFR except for John Kennedy who was killed by CFR order, he said.)

He cautioned the students not to play into the CFR's policy of frustration. Investigate the CFR, he said, who are causing the problems and protest against them.

Dear Mr. Hoover,

I am writing this letter for several reasons, foremost of which is to convey to you my personal thanks as an American citizen for the magnificent job you have done to preserve our (my) freedom from communism as well as criminals. It is unfortunate that you have been unable to protect us from the encroachment of our own government. I do wish to give you my vote of confidence and to ask what I, as an individual can do to help.

I stated at the beginning that there were several reasons why I was writing this letter and now I will state the others. I would like very much to receive from your office any information you may have on the C. F. R. (Council on Foreign Relations) and the John Birch Society. I would like to know the objectives, aspirations and methods of operation of these organizations. I have heard that the John Birch Society was subversive Anti-Semetic, Racist, Fascist, and even Communist Inspired. If any of these are true I need to know. I have also heard rumors of the C. F. R. such as one worlders, traitors and so forth. Could you enlighten me on these subjects?

Once again let me thank you for what you have done for me and for the United States, and I pray you may continue the wonderful job you are doing.

I remain your ardent supporter.

Sirs:

Recently we have heard records and read pamphlets about The Council on Foreign Relations (C.F.R.), an organization that appears to pose a danger to the security of the United States as an independent nation, yet lists as its members, past and present, persons very high in the government of the United States.

Could you, please, let us know what position the F.B.I. takes in regards to this organization, is it a threat, is it being watched and are counter measures being taken to diminish this threat?

Pro-Americans, these days, have a hard time staying above the tide of subversive activities.

Sincerely,

Dear Mr Gray,

I am very concerned about the activities of the C.F.R. (Council on foreign relations). Mr Gray the C.F.R. and its Communist appeasing policies affect the National security and survival of this nation. The Council on foreign relations is able to dictate and control U.S. foreign and domestic policies regardless of whether a Democratic or Republican President occupies the White House. The C.F.R. has become the "shadow government" American unelected rulers.

There is more to this organization than most people think. I would like to know when the F.B.I. is going to investigate this organization completely and then Report to the American people on its activities. So many organizations have been investigated and reported on except the C.F.R. Let's get to work Mr Gray and expose this organization with its Communist ascendency policies. 2-5256

Gentlemen, Recently while doing my laundry in a public
laundra-mat in Boston I came across a pamphlet on an
organization called the CFR (Council on Foreign Relations).

This pamphlet told many disturbing things about this
organization, including such items as 100 members of President
Nixon's Executive Branch of our government belonged to it etc.

I have never heard of such an organization and wondered
how it could be possible for so many important people to
belong. I tried to find something out about it in the library
but could not. It is apparently located in New York City,
supposedly across the street from the Russian Embassy.

Dear Mr. Hoover:

Better than a third of the world has fallen to the communists in the last three decades. At the present time the United States is vulnerable to communist take-over.

Well informed patriotic American citizens know that the Council on Foreign Relations with its elite membership of fourteen hundred is the invisible government of the United States that has controlled our foreign policy along Leftist lines through the past ten national administrations. Through tax exempt foundations, they are free to support subversion in the United States and other parts of the world.

As you know, a conspiracy cannot stand an investigation that will expose it. When exposed, it will crumble. It is my humble opinion that a complete investigation by the F.B.I. of the Council on Foreign Relations will break the backbone of the communist conspiracy in the United States.

What can we do to help you carry out this investigation? We will do everything in our power.

Sincerely,

Attention: Director John Edgar Hoover

Dear Mr. Hoover:

I hope this letter will find you well and that the year 1972 will be a happy one for you. I'm writing again to tell you how much I appreciate your continued dedication to our Country and your loyal opposition to the "Communist Conspiracy" and its companion treacheries. I wish that I could have the optimism to expect to see your name in its rightful place in the History books of the future. I'm afraid the truth will never be told, because of the prevailing success of the enemy as I see it, all around in every facet of our life.

Your influence for good has been effective in so many ways that I can hardly list them and there are many of us in America who regard you as the "Man of the Century." Without your help its likely that things would be beyond any hope already. I credit your very great success in directing the Bureau, to your faith in God and it saddens me to think that one day soon you may be stepping down.

If there is any way that you could bring into perspective before the people the actual relationship of the C.F.R. to the world situation, so that all could know the truth, I wish to urge you to do this.

Also, when you are visiting in La Jolla this winter, if you could give me a call, I would like to bring my sons over to meet you. Our family is involved in teaching the Word, and you have been an encouragement to us in this, and we pray that we will be able to awaken more while there is time.

Very Sincerely,

Louisiana's chief affliction, Hale Boggs, has said that you like to be remembered at Christmas and on your birthday. If you will forgive me the tardiness as well as that reference, please accept my sincere best wishes this season. It is my earnest hope that you will continue to serve many more years as Director of The Bureau.

For more than ten years I have studied such information as has been available to ordinary citizens regarding the Council on Foreign Relations. My conclusions are that this covert group is actively conspiring to usurp the Constitutional authority of the United States Government and to direct it toward its own sinister ends.

I realize this organization accumulated massive powers within our government before its conspiratorial nature became fully evident. For one branch of government to undertake to destroy this super monster is admittedly akin to demanding another David to confront Goliath. Still, if you and your bureau cannot be that David, our nation faces its greatest peril in nearly two centuries.

In 1948, Alger Hiss was protected and shielded by a massive array of powerful men, both in and out of government. Because of the perserverance and dedication applied by your bureau, he was eventually indicted and justly prosecuted. While I can find no record that you, personally, took part in the Hiss case, your own courage and patriotism shines through this brilliant expose like an unwavering light.

To likewise indict the C.F.R., its officers and directors, and the institutions that finance it, would be an undertaking so monumental as to make the Hiss indictment seem almost trifling. Yet, by their own records, they have conspired to manipulate U. S. foreign policy, domestic affairs, banking, industry, and our mass communications. Indeed, they have even taken the unpopular position of having conspired to prolong the VietNam War!

One of your former agents, Dan Smoot, of Dallas, Texas, has made a thorough study of this powerful conspiracy in his book, THE INVISIBLE GOVERNMENT. Another former agent who has documented his case against the C.F.R. conspiracy is W. Cleon Skousen, of Salt Lake City, Utah. Both of these men have unimpeachable reputations and each has the popular support of millions of ordinary citizens. Mr. Skousen's book, THE NAKED CAPITALIST, delineates the actual intrigues of this conspiracy. From this work it becomes obvious that Professor Carrol Quigley, author of TRAGEDY AND HOPE, is qualified to testify before a Federal Grand Jury for the purpose of obtaining an indictment, and he should be subpoenaed to do so.

To furnish the documentary evidence needed for an indictment is far beyond my calling. I am confident that you have sufficient evidence in Bureau files to initiate proceedings. My purpose is to point out to you that millions of ordinary American citizens, the "plain folks back home", are aware of this conspiracy and are ready to rally to your support if you will provide the initiative.

The C.F.R. monster is devouring our freedom at an ever increasing rate. Like so many others, I consider you to be the greatest living American - the only one with position and prestige enough to attack this Goliath. What a fitting climax it would be to your unparalleled service to our nation!

Many of us "natives" out here are getting restless. We are counting heavily on you to lead the way toward rescuing our Republic.

Very faithfully yours,

Dear Sir:

Recently I received a book through the mail entitled "None Dare Call It Conspiracy" by Gary Allen which made numerous and startling claims of an international bankers conspiracy to control the world. Reference was made to the "Council on Foreign Relations" to which many prominent Americans were said to belong. I have been unable to find any reference to this organization anywhere other than in this book and would like to know if it actually exists.

Would you please provide me with any information you may have on the existence of the referred to organization and its activities and give your opinion of whether any of the radical allegations of the book are valid?

Sincerely yours,

Dear Mister Hoover: 62-5236

Could you please give information about an organization known as the "Council of Foreign Relations", some sort of secret elitist group supposedly meeting to set up some type of World Government. Who belongs to this group? What is its nature? For the sake of accuracy, I had a visit from a field representative of the JOHN BIRTCH SOCIETY and since I know nothing about these allegations which he talks about, I felt compelled to write directly to you because I could be reasonably certain to get an accurate answer to this question. I would greatly appreciate any information you could give me in this matter.

Thank you, and

We hold these truths to be self-evident, Truths that made us free.

Hon. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D.C.

March 28, 1972

Dear Mr. Hoover,

As I sit here behind what looks like a \$2.00 typewriter with my old fuel oil stove blowing hot air at my back, which is in my \$7,000 home with cold air blowing under the door and though the windows, I thank God, I thank God because it is mine, and because I'm a free man.

COUNCIL ON FOREIGN RELATIONS

I sit here trying to write a letter with some meaning, a letter that will say what I fill, a letter that will mean something to the reader. Can I do it, me, a high school dropout, a man that's lucky he can spell his own name, let alone write this type of letter to J. Edgar Hoover. No, I can not do it, so what should I do, I did what any God fearing man would do, I went to the Lord and asked him to do it for me.

Where do I start? Oh Lord where do I start, I start by saying what I fill, what I believe.

Mr. Hoover I look upon you as a great man, a great man like our Founding Fathers were and still are great men. But then I wonder, is a man like Mr. Hoover worthy of this compliment? Has or will he make the sacrifice or founding Fathers made, will he pledge his life, his fortunes, and his sacred honor, for that matter will I? Yes I say, yes he will, I know he will, he is the kind of man that loves his country, a country under God.

Mr. Hoover I wrote to you before concerning the CFR. In your return letter you said the FBI was an investigating agency and nothing more. But now I'm writing as a friend, as one American writes to one American and not to the FBI Director. I'm writing to ask for your help, for your help to save our Nation, our Freedoms and our Rights.

I'm sure you know about the CFR, about its plan to rule the world. I also know that legally you can not use the FBI to expose these people. As you know the Birch Society is doing every thing it can to expose them, but we can not do it on a large enough scale. We need help, we need help from wherever it may come. This year we will (or at least I will) be giving our last final effort to beat them, its this year or never, its do or die. This is the last fifteen minutes of the battle, we must win, we have to win.

I am but one man, a man that tries to be God feeling, but I must sin more than the devil himself. I pray and beg for God's forgiveness, for his help in saving our Nation, this must be the cry and the prayer of all Americans, for without God we are doomed.

[REDACTED] If not for myself and my wife, it is for my daughters that I cry. It is for them that I want Freedom, will they have it? I would give my life today if I knew it would be to keep them free as I have been free.

I have often wondered where was my Father when America was going down the drain. For that matter where were all our Fathers, ? enjoying their Freedom, ? maybe, dying in WW I and II, ? maybe, but now where I'm I, crying, crying for help. Are my cries in vain ? God I hope not, Oh God let there be help, let there be a rebirth in the American spirit, let there be a new America like the old America.

Mr. Hoover help us, or pray that God will help us.

CORRESPONDENCE

29 April 1972

Honorable Bob Sikes,
Washington, D.C.

Dear Sir:

I am enclosing a book for your review ^{from Detroit} ~~None Date~~ "Call It Conspiracy", and a leaflet "Communists Control the UN". In sending you these I am not in any sense of the word trying to convert your thinking or ask you to agree with any part of these. They are either true, partly true, only half true or perhaps the vivid and wild imagination of the author. There have been more than two million of these books sold and it is possible that half of the people who read this will agree with it. This perhaps makes it necessary that people in high position at least be knowledgeable of its contents. I hope you have time to do this.

I sincerely would like to know: Is there such a thing as an "international conspiracy" or is this just a man's distorted dream?

We definitely know the Communist threat in this country is dangerous and real. We know that it is behind the black uprisings and the student campus disturbances despite the fact that very few of the participants realize this.

My next question is: To what extent is Communism in control of the UN and does this present a threat to the security of our country?

I could have written the above inquiries direct to the FBI who are the people in this country that know what the communists are doing and I believe know the correct answers; however, I am afraid that if I wrote direct I would not get a true opinion of that Department. The answer may be given from an evasive stereotyped form. In other words, I would receive what is commonly referred to as the "idiot treatment".

If possible, I would appreciate it if the above questions could be asked by you of the FBI.

Very truly yours,

COMMUNISTS CONTROL THE U.N.

by

William E. Dunham

ITEM: From a speech by Secretary of State William P. Rogers on October 4, 1971:

The United Nations is an important instrument of peace Building a structure of peace . . . means that differences exist and will continue to exist One of the functions of a structure of peace is to protect and accommodate those differences, not to destroy them.

CORRECTION: Secretary Rogers displays an appalling willingness to let the International Communist Conspiracy continue to use the United Nations as a basic weapon in its drive to enslave the world.

That the United Nations is an integral part of Communist strategy was stated by Joseph Stalin in 1942 in his book *Marxism And The National Question*, where he wrote that the world should be divided into regional groups as a transitional stage to world government. Then, the regional groups would be brought into a single world dictatorship. Later, on March 23, 1946, *Pravda* quoted Stalin as having declared: "I attribute great importance to U.N.O. since it is a serious instrument for preservation of peace and international security."

Political Affairs is the theoretical organ of the Communist Party, U.S.A. In April 1945 - two months before the San Francisco Conference at which the U.N. was formally created - that journal told its readers: "Great popular support and enthusiasm for the United Nations policies should be built up, well organized and fully articulate The opposition must be rendered so impotent that it will be unable to gather any significant support in the Senate against the United Nations Charter and the treaties which will follow." As Earl Browder, former General Secretary of the Communist Party, U.S.A., and twice its candidate for President of the United States, wrote in his book *Victory And After*: "The American Communists worked energetically and tirelessly to lay the foundations for the United Nations, which we were sure would come into existence."

Just how tirelessly the comrades worked to build this "instrument of peace" was exposed in a study conducted in 1954 by the Senate Internal Security Subcommittee. In a Report entitled *Activities Of United States Citizens Employed By The United Nations* the Subcommittee revealed: "In our investigations of United States citizens employed by the United Nations, we found considerable evidence to indicate that Communists used the same techniques in infiltrating the U.N. Secretariat as had previously been used in infiltrating the United States

Government. Some of these persons exposed in our government investigation played key roles in the actual establishment of U.N.'s specialized agencies."

Key roles is an accurate phrase. Four years earlier, in 1950, the State Department issued a volume entitled *Postwar Foreign Policy Preparation, 1939-1945*, which listed as important U.S. Government figures in U.N. planning: Alger Hiss, Harry Dexter White, Virginius Frank Coe, Noel Field, Lawrence Duggan, Henry J. Wadleigh, John Carter Vincent, David Weintraub, Nathan G. Silvermaster, Harold Glasser, Victor Perlo, Irving Kaplan, Solomon Adler, Abraham G. Silverman, William L. Ullman, and William H. Taylor. All sixteen were later identified in sworn testimony as secret Communist agents! Communist manipulation of the American delegation at the founding conference was so thorough that identified Communist Dalton Trumbo actually wrote the Report to the Nation delivered at that conference by Secretary of State Edward R. Stettinius.

Were the Communists successful in constructing a vehicle which they could use in their drive to enslave the world? G. Edward Griffin points out in his book, *The Fearful Master: A Second Look At The United Nations*, that "one of the most important positions within the entire United Nations — if not the most important — is that of Undersecretary for Political and Security Council Affairs." Since the U.N. was created, twenty-six years ago, ten different men have held that post, and all ten of them have been Communists!

Consider also the observation by W. Cleon Skousen in his excellent text, *The Naked Communist*: "Anyone familiar with the Communist Constitution of Russia will recognize in the United Nations Charter a similar format. It is characterized by a fervent declaration of democratic principles which are sound and desirable; this is then followed by a constitutional restriction or procedural limitation which completely nullifies the principles just announced!"

Rather than being an "instrument of peace" in the sense in which Americans generally use the phrase, the United Nations is still an integral part of Communist plans. *New Times* is an English-language magazine published weekly in Moscow. In its issue for July 8, 1970, its Communist editors observed: "As stressed by Premier Kosygin at a luncheon for U Thant in Moscow on June 19, the Soviet Union attaches much importance to the United Nations. In future, as in the past, it will spare no effort to steer the Organization's work." Of course not. It was U.N. Secretary-General U Thant, who is a Marxist, who declared in April of 1970 that Lenin's "ideals of peace and peaceful coexistence [meaning no resistance to Communism] are in line with the aims of the U.N. Charter."

Yet Secretary Rogers says the United States should "protect and accommodate" the Communists under the United Nations. Responsible Americans, however, want to *Get US out!* — W.E.D. ■ ■

Dear Mr Gray,

I am very concerned about the activities of the C.F.R. (Council on foreign relations). Mr Gray the C.F.R. and its Communist appeasing policies affect the National security and survival of this nation. The Council on foreign relations is able to dictate and control U.S. foreign and domestic policies regardless of whether a Democratic or Republican President occupies the White House. The C.F.R. has become the "shadow government" American unelected rulers.

There is more to this organization than most people think. I would like to know when the F.B.I. is going to investigate this organization completely and then Report to the American people on its activities. So many organizations have been investigated and Reported on except the C.F.R. Let's get to work Mr Gray and expose this organization with its Communist accumulating policies.
